STYLE GUIDE

Sessions I Offer

CONTACT ME

Stay Connected

Hello, I'm Lindsey!

My journey in photography has been a gratifying adventure. Since 2012, I've explored various roles in the industry, including set design, art direction, and coaching models for fellow photographers. In 2017, I officially embraced the title of "professional photographer" and launched Lucid Linds Photography.

My goal is simple: to provide a fun experience that you can walk away from with feeling confident, beautiful and empowered. I also want you to carry those feelings from your photo session, through the rest of your life. I believe we as women, can do anything, especially when we have the confidence to go for whatever our hearts desire.

My photo shoots are enjoyable and effortless. If you are ready to love your photos and having fun in the process resonates with you, I'm here to make your vision a reality.

# Hi Friend

# BOOKING

---

## Consultation

Before booking, we will arrange a brief call at your convenience to talk about your vision for the photo shoot. While a phone call is my preferred method, consultations can also be conducted through email if you find it more convenient. Whether you have a clear idea of your preferences or would like me to provide you with recommendations, please understand that creative art direction and planning is a part of my process to ensure that we produce the perfect images for you.

## Booking

During or immediately following your consultation I will provide you with available dates and times for your session. You will receive an email with the link to confirm your session. Inside that link will be my client agreement and an invoice to pay online to reserve your date. Custom sessions pay a 50% retainer, while promotional, while small packages and short sessions are required to be paid in full. Retainers are non-refundable.

## Leading Up to Your Session Day

Before your session day you will receive all of the information you need to feel fully prepared for your photo shoot. From wardrobe inspiration to pro-tips for hair and makeup styling. You will find a list of recommended hair and makeup artists and wardrobe stylists if you wish to hire more pros for your photo shoot as well. I also encourage you to send me your outfit ideas before your session to ensure that your wardrobe is not a color or fit that will limit posing or clash with the vibe of your shoot, keeping in mind the location or set/s of your session.

# AFTER YOUR SHOOT

---

## Turn Around Time

After your photo shoot you will receive a link to your image gallery within 14 days of your session via email. Your gallery includes high-resolution, fully retouched and creatively edited digital images. High resolution means print-ready and in any size. You can print your favorite images as many times as you wish, share them with family and turn your digitals images into your own wall art.

## How Many Images

The number of images you will view in your final gallery will depend on the type of session or package you book. The more looks and locations, the more images that will be in your gallery. \*see packages below\*

## Images for Download

The number of downloadable final images depends on the session or package you book. Custom sessions are tailored to your preferences. Small sessions and packages come with a set number of fully edited and retouched images for you to choose from. If your session doesn't include the full gallery, additional images can be purchased separately, with discounts available for entire gallery purchases

# LOCATIONS

UNIQUE TO LUCID LINDS

# LOCATION, LOCATION, LOCATION

I have created my own little world full of possibilities for my clients. Whether you are booking a session for:

- Personal Branding/Lifestyle
- Headshots
- Confidence Boosting
- Personal Milestone/Celebratory
- Modeling Portfolios
- Creative/Just for Fun
- High School/College Seniors
- Engagement/Couples

I will help you in deciding which location/s will be best for your photo shoot. From inside my bright and beautiful studio, or “Shirley” the Photo Shoot Bus parked behind my studio and uniquely designed with bohemian and vintage vibes, or one of my preferred natural outdoor locations that are walking distance from my studio or a short drive from my studio here in Smyrna, TN.

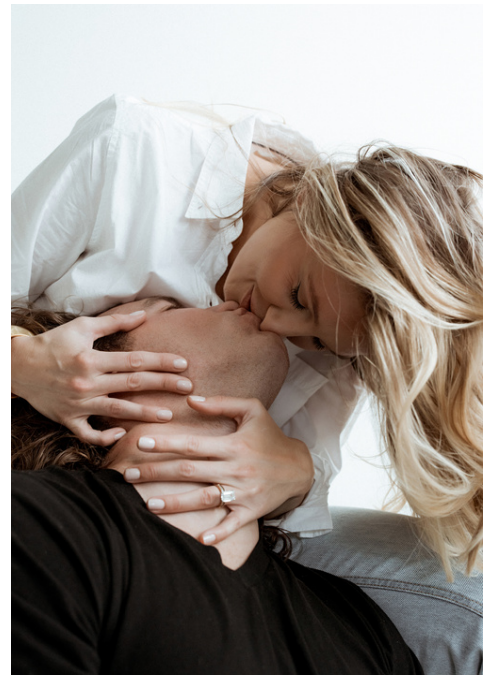

*\*I travel too. Custom sessions can also include curated set design or other locations based on your vision and needs.*

# OUTDOORS

# MOODBOARD

# CREATIVE

Creative sessions have an editorial twist. These shoots are for anyone who would want to embrace their unique beauty, build confidence, celebrate a milestone, fellow artists and are perfect for aspiring models. Perhaps you just love having your picture taken and want to play model for the day. Whether it's your first time in front of a camera or not, I will coach you into poses and even tell you what to do with your face. Making photo shoots fun and easy is my specialty.

# SENIORS

My senior portrait sessions are designed for today's seniors who want their pictures to represent who they are and who they are becoming. Senior sessions with me are less traditional, with a more artistic spin plus wardrobe styling assistance vs what many small town or high volume senior portrait photographers might offer. Since I take a limited number of seniors from all over, your senior pictures won't look like everyone else's...and that's a good thing. My favorite thing about senior shoots are that they are creative, fun and they build confidence at a crucial time in a young adult's life.

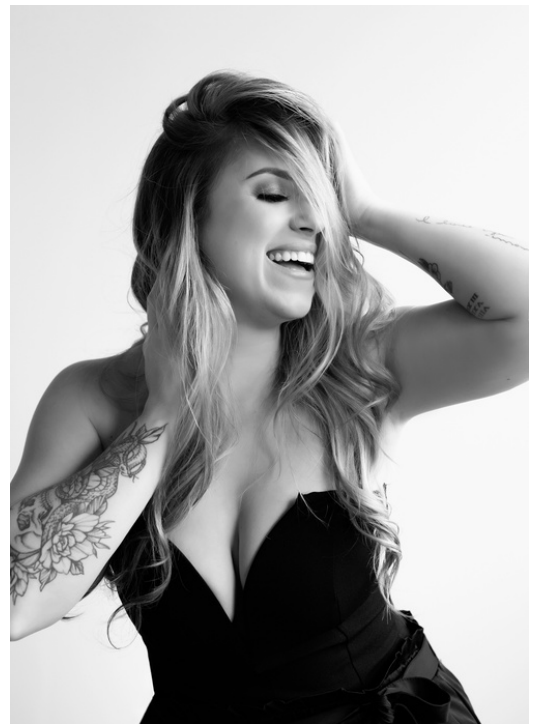

# COUPLES

Couples often have photo shoots, including engagement sessions, to capture and celebrate their love story in a meaningful and visually stunning way. These sessions serve as a cherished keepsake, immortalizing their journey together and marking significant milestones such as engagements or anniversaries. Additionally, professional photos provide an opportunity to showcase their relationship authentically, expressing their unique bond through beautifully captured moments.

# CONFIDENCE

Women of all ages book these photo shoots to build their confidence by embracing their beauty and individuality through the lens of a skilled photographer. These sessions offer a safe and empowering space for self-expression, allowing women to celebrate their unique features and personality. The resulting images serve as a powerful reminder of their strength and worth, boosting self-esteem and leaving a lasting impact on their self-perception.

# PERSONAL BRANDING

Personal branding shoots focus on creating images for professional branding, these typically take place in controlled environments, often studios, to convey a polished, professional image. The style is structured, featuring deliberate poses, outfits, and props.

- Online Presence
- Marketing Materials
- Social Media Content

# HEADSHOTS

Headshots help individuals make a strong first impression and convey professionalism and confidence to potential clients, employers, or collaborators. Additionally, having updated headshots is essential for personal branding and networking in various industries.

- Press and Media
- Networking
- Resume and Job Applications

# KIND WORDS

“Client of Lindsey’s here (in the red long-sleeve dress)!!

I have never had better photos taken of me in my life, real talk. I have also never had so much fun in front of a camera. (I’m the same girl who skipped both of her pre-proms and grad photos because I was so self-conscious.) I cannot recommend Lindsey enough for EVERYONE! Don’t pull a past me, document your life milestones with a fun and talented photographer!!”

- Morgan Harler

# Ready to book?

GLAD YOU ASKED

I am so excited to work with you! Please use the [contact form](#) on my website to send an inquiry email if we haven't scheduled your consultation yet. I will reply within 24-48 hours to schedule a call or you can use email for your consultation and to plan your session as well.

Still unsure if you should book with me? Do not hesitate to send a message and I would love to answer all your questions!

# A Gift For You
